BE WHOEVER YOU WANT TO BE

BE MORE⁺ WITH BLUE CORE

MORE POWER LESS FUEL

OPTIMUM COMBUSTION

This improvement is made possible with an optimized valve design that enhances the tumble flow effect. This, along with a compact hemispherical combustion chamber results in a higher compression ratio.

INCREASED COOLING EFFICIENCY

Heat is easily dissipated because of the DiASiL Cylinder which cools 3-times faster than steel. The cooling effect is also assisted by a piston cooler that releases oil into the pistons.

REDUCED POWER LOSS

Achieved with the use of the roller-rocker-arm; a mechanism that reduces friction resistance. There is also the forged piston that has a smaller reciprocating mass than cast pistons and this minimizes vibration for a smoother engine performance.

The combination of these 3 elements results in More Power for Less Fuel and allows you to Be More with Blue Core.

25L COMPARTMENT
Enjoy a large storage space that can fit one whole face helmet
**Some helmets may not fit depending on shape*

SMART FRONT REFUEL
This easy to access feature allows you to conveniently gas up

ELECTRIC POWER SOCKET
Easily charge your devices when you're on the go
**Charger adapter not included*

WIDE TUBELESS FRONT & REAR TIRES
Ride with more grip on the road with these tires that include a front disc brake

LED HEADLIGHT

A lighting system that provides steadfast illumination neatly installed for clearer vision on the road

TAIL LIGHT

SMG SMART MOTOR GENERATOR
A mechanism that silently starts your engine without the need for a starting motor; it also contributes to overall lightness

HAZARD LAMP SWITCH
A safety feature that allows you to signal other motorists for different situations that include emergencies

DISC BRAKE
Gives your motorcycle precision stopping power

SPACIOUS FOOT BOARD AND KNEE CLEARANCE

Ride in comfort with an ergonomic design that maximizes space for both the rider and passenger.

DIGITAL METER PANEL
This device offers you an accurate representation of your motorcycle data

3D EMBLEM
The MIO logo is embossed on its body which iconifies your ride

SIZEABLE SEAT AREA

GRAVIS

It's never too late to enjoy the ride of your life and the best time is now!
The newest Yamaha MIO gives you up-to-date features, a stylish design, and specialized comfort so you're free to be whoever you want to be.
Get the most out of every adventure, ride life to the fullest with the MIO GRAVIS.

TECHNICAL SPECIFICATION

ENGINE

Engine type	Air cooled, 4-stroke, SOHC, 2-valve
Cylinder	Single cylinder
Displacement.....	125cm ³
Bore & stroke	52.4 x 57.9mm
Compression ratio	9.5:1
Maximum horse power	7.0kW(9.5PS)/8000r/min
Maximum torque	9.6N m(1.0kgf m)/5500r/min
Starting system	Electric starter and kickstarter
Lubrication system	Wet sump
Engine oil capacity	0.84L
Fuel Supply System	Fuel injection
Clutch	Dry, centrifugal, shoe
Transmission type	V-belt automatic

FRAMEWORK

Frame type	Underbone
Front Suspension	Telescopic fork
Rear Suspension	Unit swing
Front Tire	80/80R14M/C 43P Tube type
Rear Tire	100/70R14M/C 51P Tube type
Front Brake	Hydraulic single disc brake
Rear Brake	Mechanical leading trailing drum brake

ELECTRICAL

Ignition system type	TCI(transistor controlled ignition)
Battery	YTZ4V
Headlight	LED
Tail Light	12V,21/5W x 1

DIMENSION

Overall Length x Width x Height	1870mm x 685mm x 1070mm
Seat Height	775mm
Wheelbase	1260mm
Minimum ground clearance	135mm
Wet Weight(with oil and a full fuel tank).....	98kg
Fuel tank capacity	4.2L

OTHERS

Meter Panel	Analogue
Stop & Start System	Equipped
